To Our Valued Customers;

Re: Price Increase on February 1, 2024

Due to restricted steel supply and continued price increases from steel mills, Consolidated Fabricators Corp., Building Products Division will raise prices on all steel products on shipments on or after February 1, 2024.

Additionally, due to strong demand lead times will continue to be pushed out and we may at times run low on certain gauges of steel. We will do everything we can to ensure our customer's needs are covered.

Revised price pages will be sent to you when available. If you should have any questions, please feel free to contact us.

Job quotes committed to us in writing within 30 days of the quote date will be honored. As a reminder, all other quotes are subject to re-bid.

It is our intention, as always, to provide you with the best in customer CARE and product quality. Your continued support is genuinely appreciated.

Consolidated Fabricators Corp.,
Building Products Division
