

Price Adjustment, effective May 1st 2026

Dear Valued Partner,

Due to ongoing geopolitical pressures and continued increases in steel and fuel-related costs, we will be implementing a **15% price adjustment, effective May 1st.**

We have made every effort to minimize the impact and remain committed to supporting our partners through these evolving market conditions.

Effective timeline:

- New pricing will take effect on May 1st
- Orders placed until April 30th will be honored at current pricing, based on closest product availability
- All non-converted quotes will expire on April 30th
- Free freight threshold will be adjusted to \$2,800

Note that new price lists are not yet available for distribution, but we are targeting May 1st.

We sincerely appreciate your continued partnership.

Best regards,

Jonathan Boivin
