

## KRAFT TOOL NEWS JUNE 2026

Dear Kraft Tool Customer,

Thank you for your continued partnership and support as a valued distributor of Kraft Tool Co.® We sincerely appreciate your trust in our company and your commitment to the Kraft brand.

As we proudly celebrate 45 years in business, our commitment remains the same: delivering innovative, high-quality tools while supporting the distributors and professionals who rely on Kraft products every day.

Like many industries, we continue to navigate rising raw material and transportation costs. To ensure we continue delivering the quality, reliability, and service you expect from Kraft Tool, we have made some necessary updates to our pricing structure and prepaid freight. Enclosed with the new catalog, you will find an updated price list, effective July 1, 2026. Please take a moment to review the revised freight policy located on the back page.

An Excel version of the Distributor Price List is available upon request. Please contact us at [AR@KraftTool.com](mailto:AR@KraftTool.com) if you would like a copy.

We truly value your business and look forward to continuing our partnership for years to come.

Regards,

Ron Meyer  
President, Kraft Tool Co.®

Ryan Meyer  
Vice President, Kraft Tool Co.®
