To: Our Valued Customers & Partners

Re: **Inflationary Price Increase Effective June 22, 2026**

Dear Valued Customer:

Due to rising fuel costs, manufacturer price increases and overall inflationary conditions, we are implementing a 6% price increase, **effective June 22, 2026**.

In addition, if the inflationary pressures don't abate, or accelerate as we expect, we could be announcing another increase in the fall of this year.

Star Sales appreciates your business and partnership, and we will continue to keep you informed in real time moving forward.

Thank you for your continued support,

Sincerely,

Steve Serowik  
President & CEO  
Star Sales & Distributing Corp.  
Star Sales Mid-Atlantic, Inc.
