May 29, 2026

Dear Tremco CPG Customer,

Thank you for your continued partnership with Tremco Construction Products Group. We remain committed to delivering high-performance, single-source building envelope solutions across our trusted brands, including Dryvit, Nudura, Willseal, and Tremco Commercial Sealants & Waterproofing.

As you may be experiencing as well, ongoing supply chain challenges, increased transportation costs, and inconsistent raw material availability continue to impact the construction industry. While we have absorbed a portion of these rising costs, they are now exceeding our ability to offset them.

#### **Surcharge Update and Simplification**

To improve transparency and simplify project estimating, Tremco CPG will reduce existing surcharges and transition to a more streamlined structure. Effective Monday, June 1, 2026, the following changes will apply:

- A 3.5% surcharge will apply to all products, except EPS products
- All EPS products (including Nudura and LiteForm products) will be subject to a 5% surcharge
- Important to note - tariff surcharges will remain in place. As a reminder tariff surcharges can be viewed at any time using the below link:

[https://www.tremcocpg.com/media/CPG/Tariff-Material-List\\_Updates.pdf](https://www.tremcocpg.com/media/CPG/Tariff-Material-List_Updates.pdf)

Orders placed before June 1, 2026, and shipped within standard lead times will be invoiced at current pricing. Orders placed on or after June 1, 2026, will reflect the updated surcharges.

We appreciate your understanding as we navigate these market conditions and remain committed to delivering quality, performance and service. Thank you for your continued partnership.

Sincerely,

*Dency Barnes*
