

Dear Valued Partner,

USG Corporation ("USG") takes pride in offering innovative and superior quality building products that deliver premium value to our dealers, distributors, and customers. To protect our brands and reputation in the market, and to support our dealers and distributors that invest in our product lines, we have updated our Minimum Advertised Price Policy for the United States ("MAP Policy") for Durock®, Fiberock® and AquaSmart™ products, effective **August 3rd, 2026**.

Please promptly review the attached MAP Policy, including the accompanying MAP Schedule, which identifies the specific products covered.

Our MAP Policy applies to all sellers advertising the covered products to end user customers in the United States and establishes minimum advertised prices for the covered products. Our MAP Policy applies only to **advertised** prices. All sellers remain free to determine the prices at which our products are actually sold.

Please note that the MAP Policy does not constitute an agreement between USG and any person or entity. USG is not requesting and will not accept any assurance of compliance with the MAP Policy from any seller or any other party. Each seller must independently choose whether to comply with the MAP Policy.

Any questions regarding the MAP Policy should be submitted in writing and directed to USG's MAP Policy Administrator at **usgmap@usg.com**. USG employees, including sales representatives, are not authorized to discuss the MAP Policy with any seller.

If your business includes the distribution of the covered USG products to dealers or resellers, we ask that you forward a copy of this MAP Policy to each of your dealer/reseller customers as soon as possible.

We thank you for your careful attention to the linked MAP Policy and for your continued support of our brands.

Sincerely,

USG Corporation
