Oct 27, 2026

Dear Valued Insulfoam Customer,

RE: Price Increase – Insulfoam EPS Wall Products

Due to continued and escalating cost pressures resulting from the ongoing conflict in the Middle East — including impacts to global energy markets and energy-derived inputs — Insulfoam will implement a price increase of 5% on EPS Wall products effective Dec 1st, 2026.

Your local Carlisle representative will communicate applicable details. We appreciate your understanding and continued partnership.

Sincerely,

Brian D. West
